like this one to sell more people the idea that our invasions are glorious. We vets are here to tell you—don't cheer for us, don't be proud of what we did, because we are empty of cheer and pride. We have returned with nightmares and broken bodies and hearts. We are disgusted and angry.

This is no day of joy as tons of US bombs day and night are still murdering brothers and sisters in Indochina. Actually, this parade is just an unpaid commiseration for murder—50,000 young Americans, millions of Indochinese and who next?

FOOD STAMP FAMINE

Food stamps are a lifeline for many families, but a recent shortage has left many people struggling to feed their families. The shortage is caused by a combination of factors, including a decrease in the number of people who are eligible for food stamps and a decrease in the amount of food that is available for purchase with food stamps. The shortage has led to long lines at food stamp distribution centers and many people who are unable to obtain food stamps. This has led to a significant increase in the number of people who are hungry and malnourished. The shortage is a serious problem that needs to be addressed immediately.

A black and white photograph of a woman, likely a protestor, holding a large sign. The sign reads "WOMEN DEMAND EQUAL PAY FOR EQUAL WORK". The woman is wearing a dark jacket over a light-colored shirt. The background is dark and out of focus, suggesting an outdoor setting at night or in low light. The image has a grainy, historical quality.
